**Filosofia Theoretica: Journal of African Philosophy, Culture and Religions (Volume 3)** Dr. Jonathan O Chimakonam

Filosofia Theoretica Journal of African Philosophy, Culture and Religions is dedicated to the promotion of conversational orientation and publication of astute academic research in African Philosophy, Culture, History, Art, Literature, Science, Education and Religions. Our readers who have read the previous issues of this journal know exactly what to expect in this Volume 3 Number 2. Like we always say, Filosofia Theoretica has emerged as one of the vocal outlets for rigorous essays on African philosophy and sundry fields. Now, we encourage contemporary African philosophers to engage in critical discussions aimed at building an architectonic individual-based episteme for African philosophy in keeping with our founding principle of promoting and sustaining conversational African philosophy. This special issue is dedicated to the theme of postmodernism where African philosophy is presented as a postmodern resistance to the hegemony of Western philosophy.
