A curious vet + a wounded werewolf + some tender loving care = one sexy, sizzling story

For vet Maddy Petersen, there's no better way to spend her Friday night than taking care of an injured animal. When she gets a call to pick up a wounded, feral dog, she's not sure what surprises her more: that it's actually a wolf, or how friendly it is once it sees her. Actually, the biggest surprise might just be the hunky, naked guy it turns into...

Konrad Stone was looking for his mate so he could become Alpha for the wolf shifters in his hometown. He'll be damned if one of his useless cousins takes the position instead. Meeting Maddy is a dream come true – although he never imagined it would involve being led around on a catchpole.

Neither of them can deny the instant, mutual passion between them, and Konrad can't wait to spend the rest of his life with her in his hometown. But can he convince Maddy that love at first sight is real?

This is a standalone werewolf romance. No cliffhangers!
