With this book, California couples can file for divorce without the aid — and expense — of lawyers. The book's first section explains how to divide property and settle custody, visitation, and child support issues. The second part guides readers through the court process: how to complete and file forms, expected waiting periods, and getting through (or even avoiding) a court appearance. Tear-out copies of all the necessary forms are provided, along with a CDROM containing additional resources.
