100 Years of the Hottest, Most Beautiful Men in the Movies

NEWS FLASH! Pretty boy life discovered before Jude Law!

Movie buffs and beefcake fans alike will enjoy delving into Michael Ferguson's new book **IDOL WORSHIP: A Shameless Celebration of Male Beauty in the Movies**, a lively, well-researched, and bawdy guide to the careers of 91 hot actors whom readers will want to take to bed...or at least rent for the night.

Here are the leading men-from Rudolph Valentino to Josh Hartnett-whose looks have made them the objects of intense fantasy and desire, as well as ridicule and scorn. And here is the text that will flesh out the pin-ups and provide readers with far more than captions to pretty pictures. Though the pretty pictures are here, too.

Illustrated with over 120 beautiful photos, **IDOL WORSHIP** is heartily dedicated to the proposition that being a sexy leading man, a Hollywood hunk, or a stunningly handsome movie star has diddly to do with professional training, years of study, or devotion to craft. Good actor, bad actor, or the worst, doesn't matter. Sex appeal is what this book celebrates and the author has spotlighted the cream of the crop after screening thousands of films.

Here's a guide for those who wouldn't know a Paul Walker from a Ryan Phillippe, but still remember what it was like to swoon over Guy Madison. Here, too, is a guide for Jared Leto fans who haven't a clue how hot Matt Dillon was, or that drop-dead gorgeous guys really do exist in black-and-white back there in the classics section of their local video store. Grandfathers to grandsons, grandmothers to granddaughters will find their favorites here, and discover plenty more sexy guys to check out along the way.

**WHAT READERS WILL FIND INSIDE:** Career highlights, brief bios, and queer takes on more than 90 pretty boy actors from the silent era to today, over 120 gorgeous photos showing off the guys, key events in the erotic evolution of the male image in photography, muscle magazines, fashion, advertising, the underground cinema, and gay subculture, and a culminating list of 750+ actors along with a representative film title of where to catch them at their hottest.
