LGBTI: Lesbian, Gay, Bisexual, Transgender, and Intersex Offenders U.S. Department of Justice

This annotated bibliography has been developed in an effort to provide current and useful information to correctional agencies regarding the safe and respectful management of lesbian, gay, bisexual, transgender and intersex (LGBTI) offenders. Relying on a best practices approach, this information will enable corrections staff to make better informed decisions about the safety, security, treatment and care of LGBTI offenders by providing academic, cultural and legal perspectives of the issues that make this group unique. Surveys conducted by the Bureau of Justice Statistics indicate that non-heterosexual adult offenders report higher rates of sexual victimization while in custody. Similar surveys in juvenile facilities show even higher rates of sexual victimization among non-heterosexual juvenile offenders. Similarly, a 2009 research report cited findings that transgender offenders experienced sexual victimization at a rate thirteen times higher than a random sampling of offenders in the same facility.¹ Such evidence indicates that LGBTI offenders are at increased risk for sexual victimization while in custody, and agencies that ignore this may be placing themselves at risk for litigation. Changes in federal and state legislation, court decisions, settlement agreements and the proposed standards under the Prison Rape Elimination Act (PREA) are all factors for consideration in the management of LGBTI offenders in correctional settings. For example, the proposed PREA standards contain requirements for agencies to conduct staff training on effective and respectful communication with LGBTI offenders and to enhance sexual abuse prevention measures that specifically address this population. We are confident you can obtain these resources either through the Internet, the NIC Information Center, the authors, or by ordering them. We invite contributions to this list, as well as additions submitted material to the NIC Library, such as articles and training resources.
