Ethan Andrews makes his living reading people and tailoring his sales pitch to what they want. He lives his life on the road, traveling from city to city, hotel to hotel, and it all works for him until he meets Norah Silver—the woman he wants to come home to.

Norah Silver has a plan, one that requires focus and dedication. She's working sixty to eighty hours a week between her two jobs—one for money and the other for her passion. She thrives on giving solid relationship advice that may be based in the stars, but also grounded in reality. The last thing she expected was to find a sizzling love connection of her own.

Sparks fly when these two stubborn Aries launch into an impulsive relationship. Telling themselves lust is actually enough turns out to be a lie, but can these rams bend enough to recognize it or will their off the charts chemistry explode before they really get started?
