The Secrets of Your Rising Sign: The Astrological Key to Getting What You Want William Lamb, Webb Harris Jr.

While most astrology books focus on sun signs only, the most obvious things about us -- our personality and physical type -- are mostly determined by the zodiac sign on the eastern horizon at the precise moment of birth. This sign is referred to as our "rising sign". Whereas the sun sign represents the ego expression, the rising sign signifies physical type and personality, which are the tools we use to get what we want. This book guides readers toward an accurate assessment of their rising signs, and then shows how, in conjunction with one's sun sign, understanding the meaning of the rising sign will enable you to get what you want out of life.

It's an astrology book with a promise, and it has a unique focus.
