Ariana Skye has been the center of Zane Anders' world for years. They got together as a couple ten months ago, so Zane finally has the girl of his dreams. Life should be peachy.

But it isn't.

Haunted by a shared secret that threatens to destroy their relationship and claim their sanity, Zane is on a one-man mission to prevent Ari from falling apart.

Then Commander Skye drops the biggest bombshell of all and everything Zane has taken for granted about the future is shattered overnight.

Always and Forever: That's what Zane has promised Ari. Keeping that promise is about to become the hardest thing he will ever do.

### **NOTE FROM THE AUTHOR:**

This novella is narrated solely from Zane Anders' point of view, and it depicts the events leading up to Ari's move to Planet Novo. This is NOT a follow on from where *Beyond Reach*, Book 2 in the series, left off. This relays events prior to *True Calling*, Book 1, however, I recommend reading it after *Beyond Reach* and before *Destiny Rising* to maximize reading enjoyment.

### **PRAISE FOR LIGHT OF A THOUSAND STARS:**

"I really enjoyed this novella. It was emotional and bittersweet, and exactly what I hoped for and more. I am even more excited about *Destiny Rising* now!" *Lola. Lola's Reviews.*

"Love this novella. This book sheds some light on what will happen in Book 3. We find out why people moved to Planet Novo, the reason is explosive...." *Karla. Goodreads Reviewer.*

"I knew I would have my heart torn out. *Light of a Thousand Stars* is in a word, brilliant." *Dianne. Tome Tender.*

"Through it all, I was crying inside, especially knowing what's in store for these two. One of my favorite things about the series so far, is how well the author wrenches emotion out of every word. Subtle, never forced." *Patricia Hamill. Author-Blogger. PureTextuality.*

"Gripping and heart-wrenching." *Cristina. Crazy Beautiful.*
