Louise Nicholas: My Story

Louise Nicholas

Louise Nicholas: My Story Louise Nicholas

The hard-hitting and moving expose of a teenager whose abuse by police began when she was a 13-year-old and continued throughout her teens. What's the real story behind Louise Nicholas' claims of gang rape by policemen? What allowed her to bring her darkest and most harrowing secrets into the harsh light of public opinion? Louise Nicholas' life has turned full circle since she was raped by policemen nearly 30 years ago - she now advises senior police how to support rape victims. She single-handedly rocked New Zealand's police and justice systems to their cores, her case sparking the 2007 Commission of Inquiry into Police Conduct. Police accepted the Commission's findings in full, apologised unreservedly to victims, and embarked on a programme of systematic change. It is written with award-winning journalist Philip Kitchin, whose investigations into the cover-up of Louise's complaints led to the establishment of Operation Austin. Louise's story is interspersed with Philip's exposition of his investigations into the case. Her story is the subject of a television docu-drama screening in 2014. The Herald's New Zealander of the Year in 2007, Louise is highly regarded throughout the country, being asked to speak on local and national government advisory groups. People everywhere are moved by her as she continues to symbolise relentless courage and determination. My Story is a rare insight into the life of a woman who suffered both child abuse and gang rape by policemen but who stood up bravely in the face of intense public scrutiny to ensure that justice was done. It's also a textbook example of excellence in investigative journalism - the dogged pursuit of a story that was being covered up by many parties. And it's a moving story of the power of love - the support shown by Louise's husband and children. This revised edition of My Story, updated by both Louise and Phil Kitchin, outlines all that has happened over the last seven years. It is a potent reminder of how much our societal values have changed.
