## **Pepper's Crossword Puzzle Helper** Ann Culpepper

This book has over 17,000 alphabetized entries obtained from working puzzles over the years. These entries include clue words, phrases, quotations etc. and some of their possible answers. A space is left after each definition for you to fill in new definitions as you find them. I used the spelling found in puzzles although I have found some discrepancies. Some apostrophes and quotation marks are used but not all since they are not in puzzle answers. Some word and/or answers may be found in more than one place, but not always. This book is not a dictionary with extensive definitions; I just call it a puzzle helper.
