From one of the UK's leading textile artists and author of *Colour on Cloth* and *Glorious Papers* comes a glorious celebration of the limitless potential of printing and repeat patterns on fabric. Aimed at fiber artists and designers, it is packed with imaginative techniques for a wide range of print methods and media. Mono-printing using sponges, rollers, and textured surfaces; screen-printing, including the use of photo-sensitive screens; using thickened dyes; developing ideas on paper; combining print with stitch and fabric manipulation; and incorporating metallic and pearlescent paints: it's all here, with gorgeous color photographs to illustrate every idea.
