**[(The Teaching Gap: Best Ideas from the World's Teachers for Improving Education in the Classroom)] [Author: Professor James W Stigler] published on (June, 2009)** Professor James W Stigler Ten years after its first publication, "The Teaching Gap "remains "a critical resource" ("Publishers Weekly") for anyone involved in education. In paperback for the first time, it has been fully revised and includes a new preface and afterword by the authors. American schools have famously lagged behind foreign schools in all areas of academic achievement. When James W. Stigler and James Hiebert made their assessment of the Third International Mathematics and Science Study (TIMSS) ten years ago, they discovered that the problem with American education is neither one of testing nor curricula, but teaching. A clarion call for treating teaching like the craft it is, "The Teaching Gap "lays out a clear program for change that administrators, teachers, and parents can implement together. Newly updated with fresh teaching solutions drawn from new research, this educational classic is as vital a teaching tool as ever.

**From reader reviews:**

**Doris Simmons:**

Information is provisions for people to get better life, information nowadays can get by anyone in everywhere. The information can be a know-how or any news even restricted. What people must be consider when those information which is within the former life are difficult to be find than now could be taking seriously which one would work to believe or which one typically the resource are convinced. If you find the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take [(The Teaching Gap: Best Ideas from the World's Teachers for Improving Education in the Classroom)] [Author: Professor James W Stigler] published on (June, 2009) as the daily resource information.

**Sally Staten:**

Reading a reserve tends to be new life style with this era globalization. With reading through you can get a lot of information that can give you benefit in your life. With book everyone in this world may share their idea. Books can also inspire a lot of people. A lot of author can inspire all their reader with their story or perhaps their experience. Not only situation that share in the books. But also they write about advantage about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors these days always try to improve their talent in writing, they also doing some analysis before they write with their book. One of them is this [(The Teaching Gap: Best Ideas from the World's Teachers for Improving Education in the Classroom)] [Author: Professor James W Stigler] published on (June, 2009).

**Eddie Patten:**

A lot of people always spent their very own free time to vacation or perhaps go to the outside with them friends and family or their friend. Were you aware?
