# Long Acting Injections and Implants (Advances in Delivery Science and Technology)

## Long Acting Injections and Implants (Advances in Delivery Science and Technology)

Long acting injections and implants improve therapy, enhance patient compliance, improve dosing convenience, and are the most appropriate formulation choice for drugs that undergo extensive first pass metabolism or that exhibit poor oral bioavailability. An intriguing variety of technologies have been developed to provide long acting injections and implants. Many considerations need to go into the design of these systems in order to translate a concept from the lab bench to actual therapy for a patient. This book surveys and summarizes the field.

Topics covered in *Long Acting Injections and Implants* include the historical development of the field, drugs, diseases and clinical applications for long acting injections and implants, anatomy and physiology for these systems, specific injectable technologies (including lipophilic solutions, aqueous suspensions, microspheres, liposomes, in situ forming depots and self-assembling lipid formulations), specific implantable technologies (including osmotic implants, drug eluting stents and microfabricated systems), peptide, protein and vaccine delivery, sterilization, drug release testing and regulatory aspects of long acting injections and implants.

This volume provides essential information for experienced development professionals but was also written to be useful for scientists just beginning work in the field and for others who need an understanding of long acting injections and implants. This book will also be ideal as a graduate textbook.

### **From reader reviews:**

#### **Ena Clark:**

The book Long Acting Injections and Implants (Advances in Delivery Science and Technology) can give more knowledge and also the precise product information about everything you want. Exactly why must we leave the great thing like a book Long Acting Injections and Implants (Advances in Delivery Science and Technology)? A few of you have a different opinion about reserve. But one aim that book can give many information for us. It is absolutely right. Right now, try to closer with your book. Knowledge or data that you take for that, you can give for each other; it is possible to share all of these. Book Long Acting Injections and Implants (Advances in Delivery Science and Technology) has simple shape however you know: it has great and big function for you. You can appear the enormous world by open and read a e-book. So it is very wonderful.

#### **Billie Luster:**

Long Acting Injections and Implants (Advances in Delivery Science and Technology) can be one of your beginner books that are good idea. We recommend that straight away because this e-book has good vocabulary which could increase your knowledge in vocab, easy to understand, bit entertaining but still delivering the information. The article writer giving his/her effort to place every word into pleasure arrangement in writing Long Acting Injections and Implants (Advances in Delivery Science and Technology) but doesn't forget the main point, giving the reader the hottest and also based confirm resource details that maybe you can be one among it. This great information may drawn you into brand new stage of crucial thinking.

#### **Lionel Gutierrez:**

As we know that book is essential thing to add our know-how for everything. By a guide we can know everything you want. A book is a group of written, printed, illustrated or maybe blank sheet. Every year ended up being exactly added. This book Long Acting Injections and Implants (Advances in Delivery Science and Technology) was filled concerning science. Spend your free time to add your knowledge about your scientific research competence. Some people has different feel when they reading the book. If you know how big benefit from a book, you can sense enjoy to read a e-book. In the modern era like currently, many ways to get book that you simply wanted.

#### **Joseph Yancey:**

Reading a guide make you to get more knowledge from the jawhorse. You can take knowledge and information from the book. Book is prepared or printed or highlighted from each source this filled update of news. Within this modern era like now, many ways to get information are available for you. From media social like newspaper, magazines, science reserve, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Ready to spend your spare time to spread out your book? Or just looking

for the Long Acting Injections and Implants (Advances in Delivery Science and Technology) when you required it?
