The Student Leadership Guide Brendon Burchard

Experts Academy Press is proud to present the first and only leadership book on the market that is (1) intended for students, (2) written from both theoretical and popular viewpoints, and (3) structured with a real-world, service-oriented framework that students can instantly use to make a difference in their classrooms, communities, and early careers. Leadership is conceptualized from the principles that it is a collective and participative process, different from management, and firmly rooted in service. The book's framework--Envision, Enlist, Embody, Empower, Evaluate, and Encourage--reflects six key leadership practices students must learn in order to lead with competence and confidence. The Student Leadership Guide has been praised by educators and students alike for its theory-backed content and its practical, inspiring call to action and service.
