Emily, a Kaharan rescued by a scientist on Earth after her mother died in childbirth and her father died in an unfortunate crash of his spacecraft, has never truly felt a part of anything. Reared by the epitome of the enlightened thinker and swallowed by archeological research, she spends her days feverishly searching for answers about her past. This is undercut by the fact that she is being stalked by a beautiful man...in her dreams.

When her fantasies become all too real, Emily must choose between the Kaharans...and her life.
