New Worlds for All: Indians, Europeans, and the Remaking of Early America (The American Moment) Colin G. Calloway

Although many Americans consider the establishment of the colonies as the birth of this country, in fact Early America already existed long before the arrival of the Europeans. From coast to coast, Native Americans had created enduring cultures, and the subsequent European invasion remade much of the existing land and culture. In *New Worlds for All*, Colin Calloway explores the unique and vibrant new cultures that Indians and Europeans forged together in early America. The journey toward this hybrid society kept Europeans' and Indians' lives tightly entwined: living, working, worshiping, traveling, and trading together—as well as fearing, avoiding, despising, and killing one another. In the West, settlers lived in Indian towns, eating Indian food. In Mohawk Valley, New York, Europeans tattooed their faces; Indians drank tea. And, a unique American identity emerged.
