No Dawn for Men James LePore, Carlos Davis

In 1938, Nazi Germany prepares to extend its reach far beyond its borders. The key to domination lies in a secret that would make their army not only unbeatable, but un-killable. Mi-6, knowing that something potentially devastating is developing, recruits scholar and novelist John Ronald Reuel Tolkien to travel to Germany to find out what this might be, using the German popularity of his children's novel *The Hobbit* as cover. Joining him there is Mi-6 agent Ian Fleming, still years away from his own writing career but posing as a Reuters journalist. Together, Tolkien and Fleming will get to the heart of the secret – and they will face a fury greater than even their prodigious imaginations considered possible. Both an astounding work of suspense and a literary treasure trove to delight fans of either author, *No Dawn For Men* is a nonstop adventure.
