Family secrets...faceless assailants...alien weapons... death by confession...deadly viruses...ghosts in the halls...and utopian societies. Seven excerpted tales of true terror that will keep you awake, the blankets pulled up to your neck, and every light on in the house. This collection was written and dedicated to the rock band Avenged Sevenfold. Every story inside is based on one of their song titles but with Shelby Patrick's twisted take on what those titles should be about.
