## **BOOK #1: Speed Reading: Top 10 Ways on How to Read 300% Faster in Less Than 30 Minutes**

In today's society it can be difficult to find the time to sit and read a full book. Or perhaps you are studying for an assignment, exam or presentation and you have so much information to get through it can be daunting.

But what if you could read a lot faster? Imagine if you could learn the techniques to not only increase the speed of your reading, but also help you determine what information you need to know.

There are many different methods of speed-reading, and most of the time it involves a few simple exercises and practice. Did you know that the United States Navy used one of these methods during World War II? Yes, speed-reading has been around for that long, and continues to be developed.

This book can show you how to use many different techniques to increase your speed, and there is even a chapter on the different types of software you can now get to increase your reading speed and comprehension. They are not difficult to do, are easy to remember, and once you have mastered them, and reading will begin to take you no time at all.

### **Some of the topics covered include:**

- Skimming and scanning
- Eye movements
- Regression and back skipping
- Software and apps
- Tachistoscopes
- Subvocalizing
- Retraining the eye

## **BOOK #2: Speed Reading: Learn the Truth about Speed Reading! It Is Possible to Read Two or Three Times Faster**

Reading at a faster speed improves your reading experience. The book provides information on the tactics or strategies that one can implement to enhance their ability to read at much faster speeds. People often obtain secondary thoughts when they hear the word 'speed reading'. However, the ability not just improves the speed at which a person finishes reading, but also gains a thorough knowledge of the subject.

Speed reading method includes eliminating subvocalization and chunking. Psychologists concluded that with training, an average person increases the possibility to absorb the essential essence of their read. Evelyn Wood, a primary teacher, committed herself to the research and carried out several research programs to understand why a few people possessed the natural ability to read faster. In 1958, while brushing pages of a book, she discovered that the sweeping motion of the hand caught the attention of the eyes and helped in moving smoothly across the pages.

Similarly, attaining speed-reading has a number of methods and strategies that benefit many people in different fields. The eBook provides useful insight into the truth behind it and the possibility to improve the speed by two or three times.

### **The eBook covers the following topics:**

- Understanding speed-reading
- Improving the speed
- Acquiring knowledge on beginning the process and continuing it without turning back
- Fine tuning the speed
- Material management
- Avoiding mistakes and eliminating habits
