The Presence Heather Graham

A New York Times Bestselling Author

Toni Fraser and her friends buy an ancient run-down Scottish castle with plans to turn it into a tourist destination. They want to create a reenactment that combines fact and fiction, complete with local history, murder and an imaginary laird named Bruce MacNiall. But when the actual owner - a tall, dark and formidable Scot who shares the fiction laird's name - comes charging in, the similarity between this actual being and the fictitious character created for the performance is shocking. Soon the group is drawn into a real-life murder mystery, and Toni begins to have sinister lifelike dreams in which she sees through the eyes of the killer - dreams that suggest a connection to Laird MacNiall. Bruce claims he wants to help catch the murderer. But can Toni trust him . . . especially when his ghostly double wanders the forest in the black of night?
