F.I.F.I.,Financial Infidelity Fk It: The Mistress of The New Millennium** Jodi Parmley

After nearly twenty years of marriage, Jodi discovered that her husband had been signing her name to legal documents, mishandling finances, and running fraudulent businesses without her knowledge. Jodi formulated a plan to infiltrate his law office and find the evidence she needed to prove it. So began her journey through financial infidelity. Jodi describes her compelling personal story of walking away from corruption and shows how others can do the same. She advises readers how to ask the hard questions and get the answers in writing; how to navigate the legal system, even when it is clearly against them; how to maintain relationships and support systems; and how to be strong, patient, resourceful, and above all, determined. Finally, if nailing down your partner or intended is the equivalent to nailing Jell-O to a wall, she shows how to get the hell out. Jodi's motivation for writing F.I.F.I. is to save a generation and give hope and direction to those who need it today. She includes legal advice from her attorney, who stood by her side throughout this ordeal. Visit jodiparmley.com for more information.
