The Sydney Rye series of mysteries features a strong female protagonist and her rescue dog, Blue. This series is recommended for the **18+ who enjoy some violence, don't mind dirty language, and are up for a dash of sex**. Not to mention an awesome, rollicking good mystery!

When the series begins Sydney Rye is named Joy Humbolt. She does not like people telling her what to do, so it comes as no surprise that she was just fired from her last job. When she buys Charlene Miller's dog-walking business on Manhattan's exclusive upper east side, it seems like the perfect fit: Quiet environment, minimal contact with people.

But then one of her clients turns up dead, and Charlene disappears. Rumors say Charlene was having an affair with the victim--and of course, everyone assumes Joy must know where she is. Joy begins to look into the crime, first out of curiosity then out of anger when there is another murder and threats start to come her way.

When police detective Mulberry is assigned to the case, Joy finds a kindred spirit--cynical and none-too-fond of the human race. As they dig deep into the secrets of Manhattan's elite, they not only get closer to the killer but also to a point of no return. One last murder sends Joy Humbolt hurtling over the edge. Her only chance of survival is to become Sydney Rye.
