Her Wolfen Destiny Jennifer Cole

Genre: Paranormal Shape-shifter

Calleigh Kennedy has been having graphic, carnal dreams night after night. She eagerly gives herself to a mystery dream lover who knows her body better than she does. She wakes every dawn both sexually sated and frustrated, and the dreams are growing in intensity.

Tragedy calls Calleigh home from France, but her return isn't what she expected. Everyone knows her, but she has only dim memories of her past there. The biggest surprise is Keven Cheevers, her delicious neighbor who stirs the most savage need inside her. The craving to get naked and ride him until they both pass out is becoming difficult to control. Problem is Mr. Scrumptious talks about some pack, its territory, and how it's her destiny to lead them, as if he thinks they're wolves or something.

Ready to hightail it back to Europe and put as much distance between herself, Keven, and Crazy Town as she can, Calleigh comes across a letter written by her grandfather. Its contents shake her to the core: her heritage has been kept a secret, and her life up until then, a virtual lie.

The person she thought she was, she isn't. The person she's to become, she doesn't know. And a race from the pages of paranormal fantasy that she's destined to lead has just become...her reality.

Publisher's Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: Anal play/intercourse.
