After a rough upbringing, Amber Roberts is finally beginning to piece her life together. The first step was securing an internship at a top New York City law firm. Now, she's doing well at work, she has great new friends and it seems that she's slayed her personal dragons once and for all...Things are finally looking up.

The last thing Amber needs is to fall - but from the moment she first saw him, they both knew that it was inevitable. Spencer Harrison is a dangerous distraction that could cost her everything that she's worked so hard to build. Yet, she finds him impossible to resist. He's handsome, confident and oh-so-powerful. But he's also very, very off-limits. She should turn him down and walk away, but instead he becomes the sexy little secret that keeps her up all night.

Then, her steamy relationship with this sexy, reclusive billionaire threatens to dig up the skeletons she has buried deep in her past, and Amber finds herself teetering on the edge between the uncertainty of a love like none she's ever had before and the security of the life she's always dreamed of.

This is part one of a four-part series. The entire series is now available for sale on Amazon.
