**Alice in Wonderland: (Full Color Illustrations)** Lewis Carroll

“I can't go back to yesterday because I was a different person then.”

--- **Lewis Carroll, Alice in Wonderland**

“Begin at the beginning," the King said, very gravely, "and go on till you come to the end: then stop.”

--- **Lewis Carroll, Alice in Wonderland**

“Why, sometimes I've believed as many as six impossible things before breakfast.”

---- **Lewis Carroll, Alice in Wonderland**

**Alice's Adventures in Wonderland** (commonly shortened to Alice in Wonderland) is an 1865 novel written by English author Charles Lutwidge Dodgson under the pseudonym Lewis Carroll. It tells of a girl named Alice who falls down a rabbit hole into a fantasy world populated by peculiar, anthropomorphic creatures. The tale plays with logic, giving the story lasting popularity with adults as well as with children. It is considered to be one of the best examples of the literary nonsense genre. Its narrative course and structure, characters and imagery have been enormously influential in both popular culture and literature, especially in the fantasy genre.

The proper name of Lewis Carroll was Charles Lutwidge Dodgson, and he was born at Daresbury, England, on January 27, 1832. Educated at Rugby and at Christchurch, Oxford, he specialised in mathematical subjects. Elected a student of his college, he became a mathematical lecturer in 1855, continuing in that occupation until 1881. His fame rests on the children's classic, "Alice's Adventures in Wonderland," issued in 1865, which has been translated into many languages. No modern fairy-tale has approached it in popularity. The charms of the book are its unstrained humour and its childlike fancy, held in check by the discretion of a particularly clear and analytical mind. Though it seems strange that an authority on Euclid and logic should have been the inventor of so diverting and irresponsible a tale, if we examine his story critically we shall see that only a logical mind could have derived so much genuine humour from a deliberate attack on reason, in which a considerable element of fun arises from efforts to reconcile the irreconcilable. The book has probably been read as much by grown-ups as by young people, and no work of humour is more heartily to be commended as a banisher of care. The original illustrations by Sir John Tenniel are almost as famous as the book itself.
