Heat of the Moment Robin Kaye

From the award-winning author of the *Bad Boys of Red Hook* series, a new novella about finding romance in all the wrong places...

Cameron O'Leary is beyond relieved to finally take his seven year-old daughter home from the hospital. All he wants is for life to return to normal, but as a single dad and fourth generation Boston firefighter, he needs a live-in caregiver to watch Janie while he's out of the house. Luckily, he's found someone wonderful—if only she didn't seem so perfect for him as well.

Erin Crosby accepted the position as a means of funding her master's, but she's quickly growing to adore Janie. As if that weren't bad enough, she's spending more time studying Cameron than her books. She definitely didn't sign up for a ready-made family, no matter how jaw-droppingly handsome her boss is.

As a fiery attraction grows between Erin and Cameron, they struggle to keep their relationship professional. But they will both need to decide how much they're willing to risk to keep from having to say goodbye...

Includes a preview of *Home to You*.
