When three souls die tragically in the 34th century BC, they make a pact to reincarnate across multiple time periods to make karmic amends to each other.

Meeting again and again in a variety of lifetimes, the trio seek to learn if death is truly the end of a relationship.

This enchanting series of interconnected tales illustrates how people come into the earth plane to experience karmic debts, to work on them together, and to let them go in peace.

Don't miss this edifying tale illustrating how death is not the end of a relationship, and that without doubt the only reason souls come back at all is to find one another, again and again.
