**Fail Safe** Eugene Burdick, Harvey Wheeler

Something has gone wrong. A group of American bombers armed with nuclear weapons is streaking past the fail-safe point, beyond recall, and no one knows why. Their destination -- Moscow.

In a bomb shelter beneath the White House, the calm young president turns to his Russian translator and says, "I think we are ready to talk to Premier Kruschchev." Not far away, in the War Room at the Pentagon, the secretary of defense and his aides watch with growing anxiety as the luminous blips crawl across a huge screen map. High over the Bering Strait in a large Vindicator bomber, a colonel stares in disbelief at the attack code number on his fail-safe box and wonders if it could possibly be a mistake.

First published in 1962, when America was still reeling from the Cuban missile crisis, *Fail-Safe* reflects the apocalyptic attitude that pervaded society during the height of the Cold War, when disaster could have struck at any moment. As more countries develop nuclear capabilities and the potential for new enemies lurks on the horizon, *Fail-Safe* and its powerful issues continue to respond.

#### **Lynda Alford:**

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Fail Safe can make you feel more interested to read.
