**Introduction to General, Organic, and Biochemistry** Morris Hein, Leo R. Best, Scott Pattison, Susan Arena

Now updated and revised, Hein, Best, Pattison, and Arena's highly successful text provides a strong foundation for a future career in allied health or nursing - a foundation built on fundamental principles and solid problem-solving skills. The new edition is revised and updated throughout, particularly in the area of biochemistry. Cutting-edge topics include cancer chemotherapy, programmed cell death, and herbal dietary supplements. Hein, Best, Pattison, and Arena offer the most thorough general chemistry coverage in any general, organic, and biochemistry text. Throughout, the focus is on problem solving over rote memorization. The text provides a variety of exercises, including new practice exercises and end-of-chapter exercises, as well as challenge exercises and worked examples. The authors skillfully anticipate areas of difficulty and pace the text accordingly. The new edition is even more student friendly with improved explanations, a new design, and an updated illustration program with new molecular art. The text relates chemistry to everyday life. Several new Chemistry in Action essays discuss the impact of chemistry in a variety of applications. It includes eGrade (online): homework management and additional opportunities for practice; interactive LearningWare (online): a step-by-step problem-solving tutorial with over 40 interactive problems; Student Solutions Manual (0-47-141139-3): solutions to all end-of-chapter questions & Exercises; and, a Lab Manual (0-471-45194-0): with 48 experiments, 6 study aids, 26 exercises, and appendices.
