After Bannockburn: Robert the Bruce (Robert the Bruce Trilogy Book 3) H A CULLEY
REVIEWS OF H A CULLEY'S PREVIOUS BOOKS

The Winter King (Robert the Bruce Book 2)

This is an intriguing piece of historical fiction and I couldn't stop devouring it from start to finish. Very well written with lots of intense action that has kept me interested the entire time. The characters were realistic and have really pulled me into this book. I loved the depictions of England and Scotland, and the turbulent political machinations of the time. Highly recommended.

Other Novels

Excellent E book which I enjoyed enormously.

The author really knows his British history and can tell a good story that should appeal to all ages from teen on up. Another solid, good read from H A Culley.

I recommend these books to any lover of historical fiction.

Good plot and characterisation.

DESCRIPTION

After his decisive victory at Bannockburn Robert Bruce consolidates his rule over Scotland, but Edward II of England maintains his claim to be the overlord of the country and refuses to recognise Robert as King of Scots.

Robert decides to put pressure on Edward by raiding northern England unmercifully and invading Ireland, ruled by Edward of England. He makes his brother, Edward, Earl of Carrick, High King of Ireland but when Carrick is killed at the Battle of Faughart, Robert's dream of wresting control of Ireland from English rule is dashed.

It leaves Robert vulnerable as the Bruce dynasty now has no male heir. Meanwhile Edward of England faces serious problems at home, not helped by the unpopularity of his relationship with his favourite, Hugh Despenser.

'After Bannockburn' tells of the epic struggle between the two men, which dominates the rest of their lives. The story is told mainly through the eyes of two Northumbrian brothers who rise to knighthood in the service of King Robert and who are instrumental in securing the eventual independence of Scotland.
