When he arranges to work with the winner of a contest to design a new home, he knows he has his work cut out for him. What he didn't count on, however, was being so immediately and inexplicably drawn to his newest apprentice, and craving her for his own.

Catherine Harris has always had dreams that extend far beyond her poverty-stricken Detroit neighborhood. When her eye for architecture and aspirations land her a spot designing the world renowned architect Elias Johnson's new residence, she finds herself more than a bit nervous. However, while arriving to London and having her first glimpse of him, she realizes that, in agreeing to work with him, she may have bitten off more than she can chew.
