Darkness Shining Wild: An Odyssey to the Heart of Hell & Beyond: Meditations on Sanity, Suffering, Spirituality, and Liberation Robert Augustus Masters

DARKNESS SHINING WILD is an investigation of sanity, suffering, identity, death, and the far frontiers of spirituality, all constellated around the story of an extremely harrowing near-death experience. The hellish journey following that experience provides a jumping-off point for deep-diving reflections on topics ranging from the anatomy of dread to the relationship between madness and spirituality. The odyssey to the heart of hell and beyond that centers DARKNESS SHINING WILD provides not a consoling cartography of the transpersonal, but rather a reality-unlocking tour of the everwild Mystery of Being, in which revelation supplants explanation. DARKNESS SHINING WILD is especially suited for those who, having left the shores of the status quo, are discovering that the waters they are crossing have no obligation to remain benign or comfortable. It may also inspire those who, despite having done considerable psychospiritual work, nonetheless find themselves "sinking" into darkness. DARKNESS SHINING WILD is dedicated to those whose longing to be truly free is stronger than their longing to be distracted from their suffering.
