MOONSCAPES-A COLLECTION OF SCI-FICTION STORIES BY AMINA DELAMERE. The author Amina Delamere's third novel of three of her sci-fiction novels are all condensed into one book. Also, as an added bonus, Miss Delamere has written a short story entitled; REGAL OF THE RINGS, based on one of her earlier novels; STAR CHILD. The novels compiled into Miss Delanere's, "big book," are, LITTLE ALPHA, PANTHERA, RICHES, lastly, REGAL OF THE RINGS, a short story about the star man Oberon of the glowing apple of Eris. Oberon's planet will soon be on the verge of becoming destroyed, and Oberon must find a new world, for him along with his alien populace. The water planet Earth seems such a good concept to Oberon, however not too feasible because almost all of Earth's population is completely wiped out by a deadly, wormlike virus. Soon, Oberon must find a new world, for his alien nation, or Oberon including the other Erisians will all become extinct.
