Advanced Nursing Research: From Theory to Practice Ruth M. Tappen

Advanced Nursing Research: From Theory to Practice, Second Edition is a graduate-level text that takes a practical approach to preparing research proposals and carrying out research studies. The Second Edition will continue to focus on the conduct of research with an emphasis on the connection to evidence-based practice, quality improvement, and the use of aggregate data. The outstanding feature of this text is its reality-based approach to the actual conduct of research. Complex topics are addressed in a readable manner and the author brings her own current experience and anecdotes about conducting a wide range of research studies to lend a real-life element to the text. The text reflects current practice and current thinking about research and integrates qualitative and quantitative methods, including emerging mixed methods.
