Cryptid Conspiracies: Book One: The Secret of Loch Ness (Cyptid Conspiracies) Abbie Goyette
Amber Mcpherson is summoned to Inverness in Scotland by a letter sent to her by her grandfather, right before he is killed. In the letter he tells her that his death, though labeled "natural causes", is actually murder. He leaves Amber a trail of clues to follow; clues that hopefully only she will be able to understand. When a man calling himself a private investigator shows up with another letter written by her grandfather asking the P.I. to protect Amber, the two of them start off on an adventure that will forever change their lives. As threats on Amber's life continues, they uncover a trail of death and murder all linked to the greatest secret that Loch Ness has. The question is, will they survive long enough to figure it out?
