Paul Strohm

Chaucer's Tale: 1386 and the Road to Canterbury Paul Strohm

A lively, concise biography of the father of English literature and the tumultuous year that led to *The Canterbury Tales*

At the beginning of 1386, Geoffrey Chaucer—lauded today as the father of English literature—was a middle-aged Londoner with a modest bureaucratic post; his literary successes had been confined to a small audience of intimate friends. But by year's end, he was swept up in a series of disastrous events that would ultimately leave him jobless, homeless, separated from his wife, and exiled in the countryside of Kent. Unbroken by these worldly reversals, Chaucer pursued a new life in art.

In this highly accessible social history, Paul Strohm, one of the finest medievalists of our time, vividly recreates the bustle of everyday life in fourteenth-century London while he unveils the fascinating story behind Chaucer's journey from personal crisis to rebirth as the immortal poet of *The Canterbury Tales*.
