Jason Frank

## **Publius and Political Imagination (Modernity and Political Thought)** Jason Frank

Jason Frank's *Publius and Political Imagination* is the first volume of the Modernity and Political Thought series to take as its focus not a single author, but collaboration between political thinkers, in this very special case the collective known by the pseudonym: Publius. Frank's revisionist reading of *The Federalist Papers*—perhaps the most canonical text in American political thought—counters familiar realist and deliberativist interpretations and demonstrates the neglected importance of political imagination to both Publius's arguments and to the republic he was invented to found.
