"I knew the angel that just walked in the door was the one for me."

Beatrice Holt seems to have it all. She's got a passionate and loving marriage to the perfect man, billionaire Jeremy Holt, and all the opportunities and financial security that comes with it. However, life wasn't always so wonderful. When a tragic accident results in amnesia, she is effectively transported back to a time when all her emotional wounds are still causing her intense pain. She can't remember how those wounds were healed the first time around, she can't remember her marriage, she can't remember the man behind the money at all. All she sees in Jeremy is the very kind of man she swore she would never fall for.

Can Jeremy find a way to make her fall in love with him all over again and make lightning strike twice? Will Beatrice remember their song or has their one chance for happiness slipped through their fingers?
